

# PLM ANALYTICS

Powerful Diagnostic Insights.  
Maximum PLM Value.

**PRODUCT LIFECYCLE MANAGEMENT IS THE PRODUCT INFORMATION BACKBONE FOR A MANUFACTURER AND ITS EXTENDED ENTERPRISE—INTEGRATING PEOPLE, PROCESSES, AND TECHNOLOGY.**

Tata Technologies has been a trusted supplier of the world's leading PLM software for more than 25 years. We boast the best engineers and designers in the business, and our unique combination of product development and IT expertise make us a premier partner to manufacturers around the world.

Our PLM solutions are off-the-charts. We don't sell products or services. We sell results. Our PLM clients realize, on average, the following benefits:

**10-20%**  
increase in new product launches

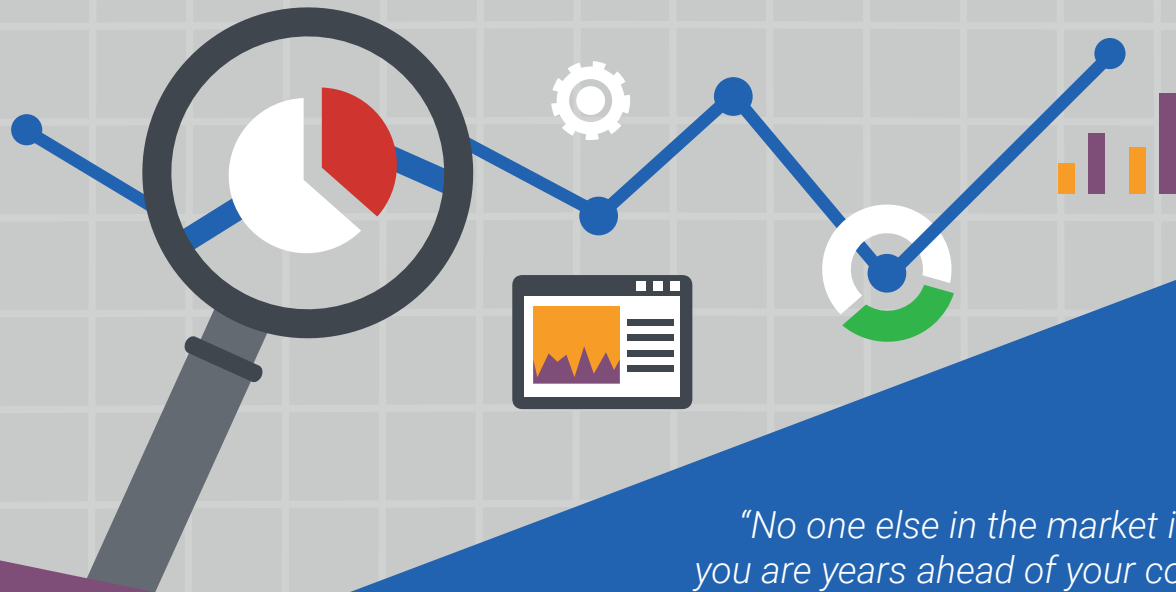

**15-30%**  
reduction in time to market

**15-40%**  
fewer engineering changes

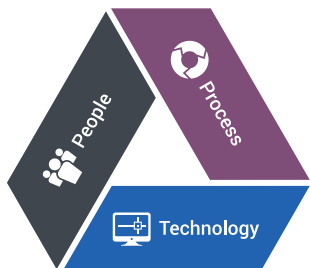

**25-40%**  
decrease in development costs

*“No one else in the market is doing this, you are years ahead of your competition...”  
– A PLM Benchmark Customer*

**OUR PLM ANALYTICS SUITE HAS ENABLED ORGANIZATIONS TO REACH PLM MATURITY, BETTER RESPOND TO EVOLVING MARKET CONDITIONS, AND MAXIMIZE VALUE FROM PLM INVESTMENTS.**

Unrivaled throughout the industry, PLM Analytics provides a progressive indication of PLM maturity.

**PLM Benchmark**

A high-level assessment of your PLM environment to identify gaps and compare your organization to industry best practices in key aspects of PLM.

With a deep understanding of your business goals, a PLM consultant guides you through Tata Technologies’ 17 Pillars of PLM – the most essential aspects of PLM that we’ve identified by conducting more than 250 PLM implementations. Our PLM Benchmark is designed to expose maturity gaps and pinpoint high-priority opportunities based on your organization’s current business objectives.

**PLM Impact**

A business benefit and ROI assessment identifying efficiency gains and cost savings.

**PLM Health Check**

A thorough assessment involving a cross-section of your personnel to evaluate the alignment of your processes, technology and organization.

**PLM Roadmap**

In-depth interviews with key organizational stakeholders to deliver a prioritized action plan to achieve realistic maturity.
